

Congratulations!

You have been recruited to become a member of the new Mystery Clinical Cases team. The MCC team is comprised of top nurses who have proven to be experts in their field. And in this 2-day case-based and interactive seminar each team member will be challenged to prove their worth.

There are patients' lives at risk and the MCC team has been called into action. Are you ready? We will need you to pay very close attention to all of the clinical clues in order to make an accurate diagnosis and choose the correct plan of treatment.

These mysterious clinical cases will challenge all aspects of your nursing knowledge. Cases will test your knowledge of advanced assessment, pharmacology, pathophysiology, and caring for the critically ill patient. It will push you to anticipate what will happen next.

Whether you work in an outpatient setting, a medical/surgical unit, the emergency department, critical care or other clinical areas, you will be the perfect sleuth.

Will you be able to solve the case and save a life?

# MYSTERY CLINICAL CASES

CRACK THE CODE. SAVE A LIFE.

A 7-NIGHT CARIBBEAN CRUISE | NOVEMBER 14 – 21, 2020

If you're tired of the same old, boring seminars we'd like to invite you to attend a seminar on the open seas. Join us aboard Royal Caribbean's Symphony of the Seas for a innovative approach to continuing education.

Travel with The Cruise Academy to fantastic destinations in the eastern Caribbean and you'll earn continuing education credits, as well as a few days under the beautiful Caribbean sun. The trip departs from Miami, FL and sails to Labadee, Haiti; San Juan, Puerto Rico; Charlotte Amalie, St. Thomas; and Perfect Day at Coco Cay in the Bahamas.

When you're not attending a seminar or exploring the sights in these exotic locales, you'll be able to enjoy all of the amenities of this luxurious cruise ship.

The Cruise Academy allows you to combine your education with a much needed vacation. You might be able to use some of your professional development days along with your vacation days!

This is not the same old continuing education seminar. This is The Cruise Academy with Solheim Enterprises.

## The Mystery Clinical Cases Seminar Outline
